**Transparent case with swivel holder compatible with MagSafe® ecosystem**

### Technical Features:

- **SpinClick Technology:** 360° rotatable ring that makes the case multifunctional (stand, stand mode, etc.)
- **Integrated ring:** when not in use the ring becomes an integral part of the case
- Compatible with MagSafe ecosystem
- Raised edges to protect camera and display

### Compatibility:

iPhone

## DESCRIPTION:

**SPIN MAG** is the transparent case with a rotatable stand compatible with the MagSafe® ecosystem.

It's characterised by a 360° rotatable ring that allows the case to take on different functions such as a stand and holder functions.

The ring is integrated, when not in use it becomes an integral part of the case, making it compatible with MagSafe® accessories.

The raised edges around display and camera areas protect the phone from accidental bumps and drops.
