

## Strong. Sleek. Battery for weeks.

**Take photos and stay entertained with this strong, stylish, reborn classic.**

Meet the remade classic that does durability in style. Nokia 230 features an aluminum finish that looks and feels premium. The battery will power you through hours of calling, texting, playing games and playing music. Snap your smile or whatever it is that makes you smile with the front and a rear cameras, both equipped with LED flash.

### A look that lasts

When something looks this good, you might be tempted to hide it away and keep it safe. No need. With its sand-blasted aluminum back cover wrapped seamlessly around its sides, Nokia 230 is as durable as it is stylish

### Get snapping

Hit the dedicated selfie camera key to fire up the front-facing camera. There's a rear camera too, and they've both got LED flash, so go nuts.

### You're in Battery Town, now.

Charge every now and then, not every day. Nokia 230 keeps you connected for longer with a 1450 mAh <sup>2</sup> battery that keeps on going for weeks on standby.

### It's all fun and games

Take a break and tune in to the FM radio. Up for a challenge? Fire up some games, including the legendary Snake.

### If it's important, they'll call or text.

Strip away today's notifications from likes, shares, and comments, and what you're left with are conversations with people you care about the most.
