GAN Wall Charger USB-C 30W PD

Features:

- 1xUSB-C: 30W Power Delivery
- Ultra slim design with GaN Technology
- Automatic adaptor for power sources between 110V/240V
- Charge optimization to protect the battery
- Protection circuit against overloads and short circuit.

Compatibility:

Smartphone, tablet and small accessories

DESCRIPTION:

GAN SLIM 30W PD is the ultra-compact charger, ideal for small accessories, smartphones, or tablets.

Featuring an ultra-slim design, this wall charger with a **USB-C Power Delivery 30W** port is also compatible with Samsung's Super Fast Charging 25W.

This charger is equipped with **GaN technology**, which is based on gallium nitride, a material recently used in semiconductor chargers. The main advantage of gallium nitride, in relation to chargers, is that it produces less heat. The reduced heat production allows components to be placed closer together, thus reducing the overall size of the chargers.
