iPad PRO 13" MAGNETIC LEVITATION KEYBOARD

Multi-Touch Pad | Monochrome backlight | iPad Pro 13' (2024)

HIGHLIGHTS

Floating Magnetic Design: Seamless magnetic attachment for effortless use. Strong magnetism holds the iPad securely, with a 120° adjustable angle for a laptop-like experience.

Precise Touchpad: Full-area touchpad with multi-point sensing, supporting anti-mistouch technology for precise and responsive control.

Multi-function Hotkeys: Supports a full range of iPadOS keyboard shortcuts for efficient multitasking. Boost productivity with simple one-touch operations tailored to your needs.

Spacious Keycaps: Scissor-switch keys make typing soft and quiet. The keystroke is only 1mm, ensuring an exceptional typing experience.

Smooth and Convenient Shortcut Keys: Shortcut keys allow for quick access to essential functions, making multitasking effortless.
