Product Benefits

- Present a lesson, photo, or video on a larger screen without fumbling with messy wires or out-of-date equipment. With the Tablet Stage, you can easily and quickly connect your tablet to a projector, monitor, or HDTV.
- To set up your presentation, simply position a textbook, worksheet, or other object on the Stage. Using your tablet's camera and the Belkin Stage app, the Tablet Stage captures and projects images or live video of your presentation, making it easy for students to follow along.
- Case compatible and designed to fit an assortment of modern tablets.
- Seamlessly switch between landscape or portrait mode with the Tablet Stage. Rotates 90 degrees in either direction to switch the orientation of the presentation easily and quickly.
- Complete your presentation toolkit with the Belkin Stage app, an interactive whiteboard and document camera app. Stage makes it easy to capture images or live video on your tablet, overlay text and labels, highlight key points throughout the presentation, and share your content in real time over AirPlay or a wired connection. Available from the App Store or Google Play.
