

Mi Ionic Hair Dryer H300

Handy and Smart Quick-drying Superman

ID: 33848 SKU:BHR5081GL

Small and light-weighted

- Compacted 9.5cm body with easy-to-hold handle
- Portable and convenient while travelling

Powerful air blow

- 20m/s air speed ensures fast dry
- 7-wing airfoil blades , effectively reduces energy loss

Fast drying

- 20m/s high wind speed
- Fast drying rate increased by 15%

NTC smart temperature control

- Hot and cold air circulation wind mode, effectively avoiding overheating damage to hair

Hot Air

Hot & Cold Air

Cold Air

Anion protection

- 50 million anions to protect hair cuticles and neutralize hair static

Compact and portable design

- Small and portable, easy to store
- Lightweight and comfortable handheld

Mi Ionic Hair Dryer H300

- Handy and smart quick-drying superman
- 9.5cm balanced body, easier to store

- 360 degree rotation air nozzle
- The air nozzle adopts double-layer heat-resistant heat-insulating materials to effectively heat the air.

- Double overheat protection

- High wind speed can greatly increase the drying rate, and the fast drying rate is increased by 15%

Specifications:

Surface material:	UV paint
Anion concentration:	50 million/cm3
Air speed :	20m/s
Reliable temperature:	60 times/s NTC temperature check; 57°C temperature control technology
Rated Power:	1600W
Speed Settings:	Gentle、 Strong
size:	135mm x 77mm x 215mm (with nozzle)
Net Weight:	498g (including air nozzle)
Package Contents:	1 x Hair Dryer, 1 x Air Nozzle, 1 x User Manual
