

Targus® 65 W optional AC Adapter for Secondary Dock Monitor DM4240SEUZ

- Optional Power Adapter for Targus® 24-inch Secondary Dock Monitor DM4240SEUZ
- Must be purchased with APC046GLX EU Plug 1.5 m AC Power Cord for EU customers or APC047GLX UK Plug 1.5 m AC Power Cord for UK customers.

Targus® DM4240SEUZ is designed to work seamlessly with Targus® 24-inch Primary Docking Monitor DM4240PEUZ to provide dual monitor extension for compatible laptop devices. The primary monitor and secondary monitor shares the same power supply ('daisy-chained') from the primary monitor to reduce clutter and power conversion lost from multiple AC adapters. For businesses looking to maximise the utilisation of secondary monitors as standalone devices, the optional AC power adapter APA42SGLX is the ideal solution.
