

Mi Computer Monitor Light Bar

Create an immersion space for you

Hang & Use

Adjustable Brightness

Remote Control

Adjustable Angle

[EU version] ID: 30769; SKU: BHR4838GL

Save desktop space

- Installation is simple and neat by mounting on the monitor. No extra space required from the desk.

No screen glare

- Asymmetrical optical design only illuminates the desk and eliminates reflective glare off the screen, which avoids eye fatigue.

Stepless brightness and color temperature adjustment

- Free adjustment for brightness and color temperature to meet your different lighting requirement.

Wireless remote control

- Wireless controller enable you to turn on/off and adjust light remotely.
- No wire plague

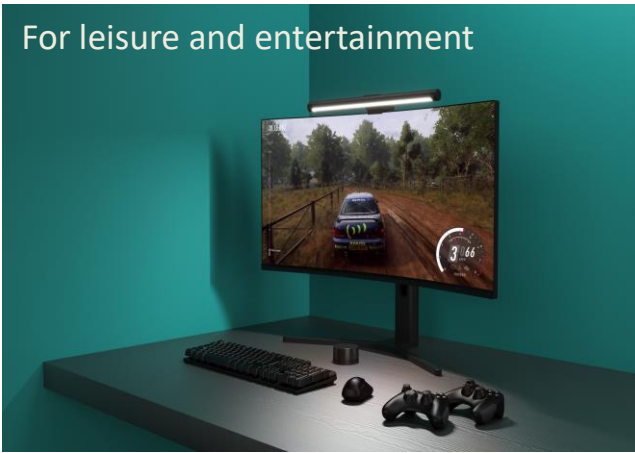

USB interface for power supply

- Power can be supply by computer / portable battery / charger

Magnetic rotation structure

- The light bar can be rotated by 25 ° to suit variable table and monitor height

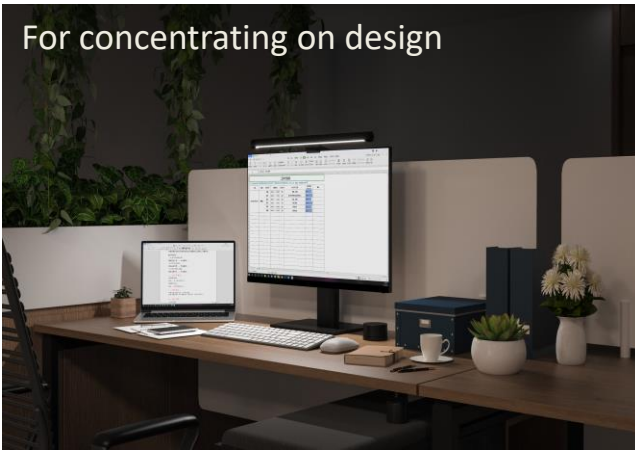

For leisure and entertainment

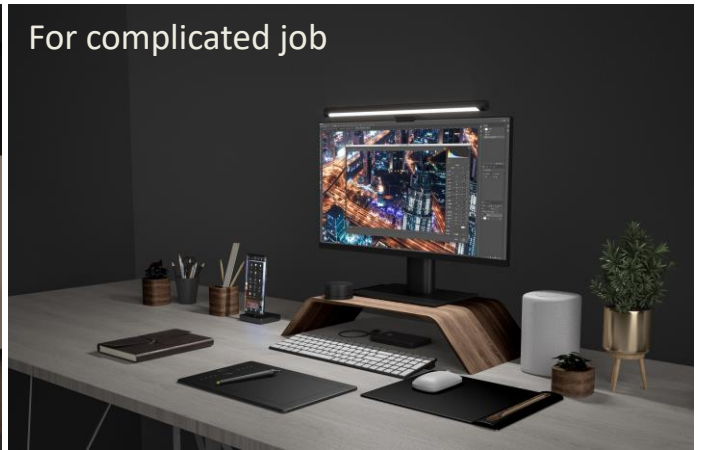

For quiet night

For concentrating on design

For complicated job

Specifications:

Model	MJGJD01SYL
Luminous Flux	270 lm @3900 K
Color Temperature	2700 - 6500 k
CRI	Ra95
Rated Input	5 V = 1 A
Operating Temperature	-10°C ~ 40°C
Rated Power	5 W (80×0.2W/LED Model)
Light Dimensions	φ23 x 448mm
Service Life	Approx. 25000 hours
Remoter Dimensions	φ23 x 448mm
Wireless Connectivity	2.4 GHz
Operating Frequency	2412-2472 MHz (Wi-Fi) 2402-2480 MHz (BT)
Package Contents	Light bar, base, Type-C charging cable, remote control, user manual, warranty notice
